

Alex Johnson

Senior Full Stack Developer
user@example.com

Summary

I am a developer. I know how to code in many languages and I have worked for a few years. I want a new job where I can build apps.

Senior Developer at TechCorp

I wrote code for the main website using React and Node.
I fixed bugs that were reported by users.
I helped new developers when they joined the team.
I made the database faster.

Skills

JavaScript, HTML, CSS, React, SQL, Git, Problem Solving.
